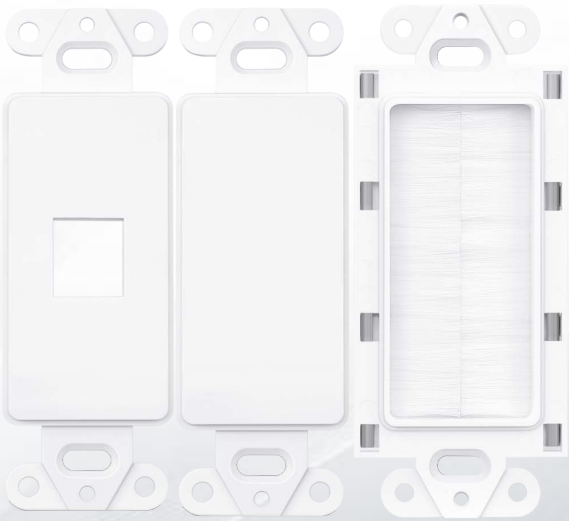
Faceplate Frame Keystone Inserts

FOR DATA CENTER, NETWORK ENGINEERING CABLING, ENTERPRISE NETWORK CABLING



Overview

The Faceplate Frame System is designed to support the distribution of voice, data, and other communication needs to the work area for commercial or residential applications. It includes faceplate frame and faceplate frame keystone insert, which are used together with keystone jack modules to help create a cleaner home environment.

Faceplate frame and faceplate frame keystone insert are available in many ports and sizes to fit your needs. These faceplates provide versatility for installations by installing only the required jacks to provide a professional installation environment while keeping wiring organized.

Benefits

- Mount to Back Box with Faceplate Frame
- Eliminate Cluster of Wires and Hide them Behind A Wall
- High-strength Polycarbonate Construction Designed to Last in Your Decor
- Compatible with Any Type of Keystone Jack Modules, Including Cat5e/6/6a/7
- Ease of Use, Offer Great Results with Minimum Tools
- Allowing for Easy Interchange of Connections and Aesthetics
- Ideal for Home Theater, Voip or Ethernet In-wall Wiring Installations

Technical Specification

Parameters	N1FSWH	N2FSWH	N3FSWH	N4FSWH	N6FSWH	N0FSWH	FSUBWH
Product Type	RJ45 Moudle Insert					Blank Insert	Brush
Vendor	FS						
Number of Ports	1	2	3	4	6	0	0
Connector Type	RJ45 Ethernet					/	/
Material	ABS						
Gang Opening Type	Single Gang						
Color	White						
Operation Temperature	-25 to 70°C (-13 to 158°F)						
Weight(KG)	0.013						0.02
Dimensions(HxW)	4.09"x1.40"(104x35.6mm)						4.09"x1.79" (104x45.4mm

Product Specification

Unit:MM
